

SPRING SESSION I

Golf in Schools is excited to offer an introductory golf class to the students of Irvington Elementary School. Each lesson focuses on a golf skill as well as a life skill. Students walk away from our classes having learned the rules, etiquette, elements of a golf hole, how to grip, aim, stand and swing. Students learn about honesty and how to be a good competitor. Students apply goal setting, and discover the importance of being your best.

"The curriculum that Golf in Schools offers is genius. They have found a way to effectively help young kids develop their skills all while having fun!"

Ryan Clemens, PGA Head Golf Professional - Pumpkin Ridge Golf Club

- Spring I classes begin Monday Jan 23th to Mar 5th , 2012
- Classes are limited to 4 - 15 students; Ages K-5th
- Cost per student is \$150, Once a week for 6 weeks, 3-4 pm
- Class is conducted on campus, fields/covered areas, and gyms
